## AIM OF THE PROJECT

To increase the knowledge of 560 participants (NGO and local administration employees) who are responsible for creating and implementing public policies at the local level

## AREAS OF INTEREST:

- **cooperation between administration and NGOs**  
e.g. cooperation programs between NGOs and public local/regional administration
- **supporting social entrepreneurship** e.g. funding for local social enterprises, NGOs economic activity, theme villages
- **conducting public consultations**
- **Participation of NGOs in creating public policies**  
e.g. consulting the strategies for solving social problems , youth politics, development of specific areas –land use, social revitalization,

## PROJECT ACTIVITIES

- Participants will have individual transnational mobility programs (5 days study tour/internship/job shadowing), 4-6 participants on each visit
- The purpose of this programs is to familiarize them with interesting solutions applied in the EU
- We would like them to implement /adjust this solutions to their own practice in their workplace by the end of 2017
